Winter Car Survival Kit

__Blankets or sleeping bags: If you get stranded in traffic on a lonely road, you'll be glad to have it.

__Charged Cell Phone: Keep a spare charger in your car as well

__Medicines, for those dependent on them.

__Pet supplies. I'd also include

__Fuel/stove/fire options - not life saving but definitely add a lot of comfort at a fairly low cost.

__Navigation such as a map book to help find alternate routes to get home/to safety.

__Large plastic fountain drink cup with lid to pee in if necessary. Extra mitts or gloves.

__Rope if in severe bad weather...tie one end to steering wheel and other to person before going out of auto. People can get disoriented and freeze to death yards from auto.
